- Also known as International Chess Day, the day is celebrated by over six hundred million regular chess players around the world. Considered as old as 1500 years, it is speculated that the game of Chess originated in India and was known by the name 'Chaturanga'.

International Moon Day 2023

- **International Moon Day** is an annual day dedicated to the Earth's one and only natural satellite, the Moon.
- It's held every year on the **20th of July**, which is the anniversary of the day on which astronauts **Neil Armstrong and Buzz Aldrin** famously set foot on the Moon in 1969.
- The Moon landing is still considered one of humanity's greatest achievements, and so International Moon Day is all about commemorating the Apollo 11 mission while teaching people about the Moon and astronomy.

World Brain Day 2023

- **World Brain Day**, also known as **International Brain Day**, is a worldwide healthcare event that takes place annually on **July 22**.
- This observance has been going on for the past nine years and serves as a significant occasion to raise awareness about brain diseases.
- On this day, diverse local and global organizations and communities come together with the aim of promoting greater awareness, advocacy, and support for healthcare, education, and research related to neurological conditions.

National Mango Day 2023

- **National Mango Day** is annually observed on **July 22**.
- The roots of the International Mango Festival can be traced back to **1987** when the **National Horticulture Board of India** had a bright idea—to celebrate mango.
