Fourth Edition of IJR 2025: Karnataka Tops in Justice Delivery Among Large States, WB Ranks Lowest

According to the fourth edition of the India Justice Report (IJR 2025) released on 15 April 2025, **Karnataka**(score – 6.78) has topped the list of 18 large and mid-sized Indian states (with population over 1 crore) in terms of justice delivery. It is the only state that fulfilled the reservation quotas for Scheduled Caste (SC), Schedule Tribes (ST), and Other Backward class (OBC) communities in both the police and judiciary.

- Karnataka is followed by Andhra Pradesh (**AP**)(6.32) at second place, Telangana(6.15) at third, Kerala at fourth, and Tamil Nadu (TN) at fifth among the large and mid-sized states in the IJR 2025.
- i. Telangana made the biggest improvement, moving from 11th to 3rd place. West Bengal (**WB**) **ranked lowest** among the 18 large and mid-sized states. Karnataka got a score of 6.78 out of 10, while WB scored 3.63 overall.
 - ii. Among **smaller states** (with population upto 1 crore), **Sikkim** ranked **first**, followed by Himachal Pradesh (HP) at second place and Arunachal Pradesh (AR) at third while Goa was at the bottom.
 - iii. The India Justice Report (IJR) is an annual publication initiated by Mumbai (Maharashtra) based **Tata Trusts in 2019**. The report evaluates how 36 states and Union Territories (UTs) of India are performing across four main pillars: police, judiciary, prisons, and legal aid.

Telangana Becomes First Indian State to Implement SC Sub-Categorisation

The Government of **Telangana** notified the implementation of the ‘Telangana Scheduled Castes (Rationalisation of Reservations) Act, 2025’, through a gazette notification, marking it as the **first state** in India to **implement sub-categorization of Scheduled Castes (SCs)**, also known as reservation within reservation, by classifying 59 SC sub-castes into three groups for reservations in education and employment.

- The Telangana Government based its decision on empirical data, including the social, economic, educational, employment, and political status of SC communities.

Background:

i. On August 1, 2024, a 7-judge Supreme Court of India (SCI) bench upheld the constitutional validity of sub-classifying SCs and Scheduled Tribes (STs) to ensure equitable reservation benefits.

ii. On March 18, 2025, the Telangana Legislative Assembly passed the SC sub-categorization Bill, aligning with the apex court’s verdict.

iii. The Telangana Scheduled Castes (Rationalisation of Reservation) Act, 2025 received the Governor’s assent on April 8, 2025, and was subsequently published in the Telangana Gazette on April 14, 2025.

Three-Tier Categorisation:

The SCs have been divided into three groups from a total of 59 sub-castes:

1.Group-I (Most Backward Sub-Castes):

- **15 sub-castes** (0.5% of Telangana’s SC population) are classified as “most backward.”
- Granted 1% reservation (double their population share) to enhance access to education and employment.

2.Group-II (Marginally Benefited Sub-Castes):

- **18 sub-castes** receive marginal benefits.
- Allocated 9% reservation.

3.Group-III (Relatively Better Placed Sub-Castes):

- **26 sub-castes** with better access to opportunities.
- Granted 5% reservation.

Note: Out of the total 59 sub-castes, 33 sub-castes continue in their earlier groups. Only 26 sub-castes, constituting 3.43% of the SC population, have been reclassified under the new categorisation.

Banarasi Shehnai & Other 20 Traditional Products from UP Received GI Tag; UP is No.1 in GI Tagging in India

Prime Minister (PM) Narendra Modi awarded Geographical Indication (GI) certificates to **21 traditional products** from Uttar Pradesh (UP). Among them was the **Banarasi Shehnai**, a conventional musical instrument deeply rooted in Varanasi's cultural heritage, along with the **Banarasi Tabla** and **Banarasi Bharwan Mirch**.

- PM Narendra Modi handed over the GI certificate for the Banarasi Shehnai to **Ramesh Kumar**, a renowned artisan from Banaras or Varanasi (also known as Kashi), during a public event at Mehndi Ganj, UP.

i. With this recognition, **UP** surpassed Tamil Nadu (TN) to become the Indian state with the **highest number of GI tags**, holding **77 GI-certified products**. TN holds 69 GI-tagged products.

ii. Since the Geographical Indications of Goods (Registration and Protection) Act, 1999, came into force in 2003, this was the **first time** in India that GI certificates for **21 products** were distributed at a single event by the PM.

- Of the 21 products, **9 recipients** are from **Varanasi** (UP), highlighting the city's cultural and artisanal richness.

iii. In **UP**, notably, the **Varanasi** region alone accounts for **32 GI tags**, making it a global hub of GI-recognized items.

Russia Unveils 'Zircon' Hypersonic Missile to Strengthen Naval Dominance

Russia unveiled the 'Zircon' Hypersonic Missile, a cutting-edge weapon capable of reaching speeds of Mach 9 (over 10,000 kilometers per hour, km/h) at altitudes of 20 km. Zircon is described as a "*strategic asset*" representing a significant leap in military technology, capable of striking land, sea, and airborne targets with unmatched precision and speed.

- The **Zircon**, also called the **3M22 Zircon**, is a Supersonic Combustion Ramjet, or Scramjet-powered, nuclear-capable hypersonic cruise missile.
- It utilises the 3S-14 launch platforms on frigates and submarines, and the missile was first used during Russia's invasion of Ukraine in February 2024.

About Zircon Hypersonic Missile:

- i. The Zircon hypersonic missile was initially developed as an anti-ship missile, but it is versatile enough to strike ground targets as well.
- ii. Its maximum strike distance is estimated to be around 1,500 km (932 miles), allowing long-range strikes, significantly extending Russia's long-range strike potential.
- iii. In March 2025, Russia officially launched "**Perm**", a 4th-generation nuclear-powered attack submarine and the **first** Russian submarine designed to carry and launch **hypersonic Zircon** missiles.

China Introduces Gold ATMs in Shanghai for Instant Gold-to-Cash Conversion

China introduced its first **gold ATM (Automated Teller Machine)**, developed by Guangdong (China) based **Shenzhen Kinghood Holdings Group Company Limited**, offering a swift and paperless method for individuals to convert gold items into cash.

- This innovative machine evaluates, melts, and weighs gold items, determining their purity, and transfers the equivalent amount directly to the seller's bank account within **30 minutes**, without requiring any paperwork or identification.

Key Features:

i.Eligibility: Accepts gold items weighing over **3 grams** with a minimum purity of **50%**.

ii.Processing: Melts gold at temperatures exceeding **1,200 degrees Celsius(°C)**, conducts real-time purity checks, and calculates value based on current market rates.

iii. Fees: A service fee of **18 yuan (approximately Rs 210)** per gram is deducted before the transfer.

China Launches World's 1st 10G Broadband Network

China launched the world's first 10-Gigabit (10G) broadband network in Sunan County, Hebei Province, achieving a major milestone in its internet infrastructure.

- This initiative is a collaborative effort between telecommunications (telecom) giant **Huawei** and the state-run operator **China Unicom** to deliver faster internet access.
- i.**The high-speed internet is powered by next-generation **50G PON (Passive Optical Network)** technology, a very advanced system that enhances data transmission capabilities over existing fibre-optic infrastructure.
- ii.**This infrastructure, likely powered by advanced fibre-optic technology and Dense Wavelength-Division Multiplexing (**DWDM**), sets a new global standard for internet connectivity.
- iii.**This upgrade boosts single-user internet speeds from gigabit to 10G levels and reduces latency to just a few milliseconds (ms).
- iv.**In tests, download speeds reached 9,834 Megabits per second (Mbps), uploads 1,008 Mbps, and latency as low as 3 ms.
